City, Indians Start Negotiations for Airport Lease

City Seeks Renewal for 25 Years

Indians to Study Plan, Propose Contract Terms

By FRED C. WEIGEL

A possibility that the Agua Cal-fente Indian Tribal Council and the City Council may sign a new contract on the municipal airport, came to light yesterday at a luncheon meeting of representatives of the two groups when the Indians said they would explore and come up with terms for a new contract.

When the Indian group asked the City Council "fdr an offer on a lease." the city said that the Indians could use the present lease as a basis for preparing the new

THE INDIANS will explore air and from their findings will make an offer to the city. The city's to run before it expires.

Type of lease that the city is oping to sign at this time is a year contract with an option of 25 more years. The new lease is necessary if the city is to continue with its present plan to build up the airport property, and new buildings to increase the present airport facilities.

MAYOR FLORIAN Boyd said at the luncheon meeting yesterday that a representative of Transcontinental World Airlines was in Palm Springs last weekend to promote and secure additional information on a possibility that TWA may be able to land here.

If the city had a new lease on the airport, future development of the area would continue, and Palm Springs could have sufficient fac ilities to take care of the demand.

VIOLA OLINGER, chairman of the Tribal Council, said that it would be necessary to discuss the lease with members of the tribe before acting officially upon it.

Ned Mitchell, district agent, Bu-reau of Indian Affairs, said that the Tribal Council "has the inher-ent capacities to lease and manage any Tribal properties," but will secure the opinion of members of the tribe before making

THE INDIANS also heard that the city has a chance to acquire federal aid for airport improvements, if it can sign a new lease with the Tribe, and this aid would amount to approximately 54 per cent of the cost of land improve-

The land under lease to the city by the Indians is in Section 18, and according to City Manager R. W. Peterson, the city can and will of the Palm Springs police force, get federal aid if the new lease has submitted his resignation from is on the same terms as the pres- the department, effective Jan. 31,

NO ONE KNOWS WHAT KNOWLAND KNOWS

Has the rate for the 1960 presidential standard bearer begun before Dwight Eisenhower has been sworn in for his second term? Many political observers thought so following the announcement of Sen. William Knowland that he would not run for re-election two years hence. It came as a political bomb shell and stirred up all sorts of speculation.

Bill Knowland has a reputation for confiding in few people. Word of his decision had not leaked out so it came as a complete surprise. He said he just wanted to get back with his family in Oakland, but hardly anyone took that seriously. What Knowland has in mind, most of the political dopesters think, is to run for governor of California in 1958 -and the presidency in 1960.

The plan is clear and clever, say most of the commentators. It goes something like this: As California's governor Knowland would lead one of the largest delegations to the 1960 GOP convention. His probable rival, Richard Nixon, would be picking up support of the White House crowd while Knowland was picking up delegate support. It is believed by many that Gov. Knight would not stand in Knowland's way. Popular Pat Brown concentrate on what many believe is the would likely be the Democratic candidate, but the senior California Senator is a big vote getter.

It has also been pointed out that Sen. Knowland would be free of restraint which he has had as minority leader, and that he can be exercising his independence before he retires from the Sen-

Much can happen to change the whole picture within the next four years, of course. Unsettled conditions around the globe make it difficult to predict what may happen in even one or two years. On the other hand, maybe Knowland really does want to enjoy private living after all these years in public life. Few people, if any, know his real intentions, and it will be some time before he has anything more to say on the subject.

IT'S TIME TO REGISTER FOR BOND ELECTION

Having turned down a bond issue a year ago to extend the sewer system in Palm Springs - now limited largely to the downtown district—the voters are going to have another chance. There were seven different issues presented at the bond election last spring-and most of them were rejected.

This time residents will be able to most needed capital improvement. It will be explained in detail and every resident should understand this time just what the system will comprise and cost.

The election will be held on March 19. Residents are reminded that next Thursday, Jan. 24, is the last day they can register for this election.

EARL WILSON:

Bogartism' Could Be Word

NEW YORK-"Well," Humphrey Bogart used to say when I Bogie laughed. was beginning an interview with

him, "who can we louse up this time? Frequently Bogie'd louse himself up with right-thinking people by preaching me several thousand words on the alleged merits

of being a heavy drinker-which he commanded me to rush into print the next edition if possible. "All I'm doing," he'd proclaim over a few scotches at 21, "is out the right of a man to get a little drunk."

IN FACT. IT seems to me the English language could use a new word, "Bogartism," standing for particular school of philosophy. I'm beginning to get a little hazy on Epicurus, the first great apostle of eating and drinking, but Bogartism is, I believe, something near it—and if it isn't I'm sure a lot of philosophers will tell me so.

"He was the unphoniest man who ever lived," says Frank Sin-atra. "He couldn't be deceitful or hypocritical."

He detested phonyism. Once he wired Katharine Hepburn, "I went to see Christopher Fry's play. I have quit seeing Christo-pher Fry's plays."

AFTER I PRINTED it, he said, "You know, I was going to have everybody at Western Union fired for giving out the contents of my telegram. Then Baby told me I'd had a couple drinks and told you myself."

Once he sat down over his usual brication and chose the Ten Best Drinkers for me.
They were, Winston Churchill,

Ernest Hemingway, Errol Flynn, John Steinbeck, Don Ameche, Ed Gardner (now on the wagon), Paul Douglas, Toots shor, Pat O'Brien and John Nance Garner. He also put Mark Hellinger, Robert. Benchley and W. C. Feilds on his All-Time Guzzling Team.

"It's probably just a coinci-ence," he added, "but all the best drinkers are dead."

WE USED TO SAY that Bogie liked 21 so much, he had all his fights someplace else. It was there that I asked him in 1945 if he was going to marry Lauren

"You're- - right!" He banged a glass on the table. "You know something? I'm in love again— at my age!"

Then he said, "Did you ever see Baby?"—using for the first time (for publication, anyway) the nickname that went around the world. He kept bragging about her till a sodden friend shouted, "Are you still talking about her? You're very boring.

Chevrolet shows you some important differences in low-priced cars just by

the look on its face!

Wouldn't you say that most of the '57 cars look good from 50 feet away, but what about from 50 inches away?

What does a close-up of the grille tell you, for example? Is it solidly made like the new Chevrolet grille? Or, in comparison does it look less rich in design-feel less strong and solid? Compare the quality and construction of the bumpers and headlights, the fit of the

The more closely you look all around the car, the more clearly you'll see that Chevrolet has the edge in the way it's put together. You'll find, for instance, that Chevrolet is the only

car in its field with a lacquer finish . . . that only Chevrolet Bel Air models give you foam rubber cushions in front and rear seats as standard equipment. These are just a few of the advantages of Body by Fisher. And Chevrolet, you know, is the only low-priced car that has a Fisher

We'll be glad to give you a close-up, comparative look at this new Chevy any time you care to come in. This week, maybe?

Honored On Golden Anniversary

The central portion of El Mirador Room was reserved Sunday morning for the brunch party which Mr. and Mrs. William B. Malouf hosted in honor of the golden wedding anniversary of Mr. and Mrs. J. E. French. Tables for close to forty guests were set up in a big U-shape facing the stage and in the square a huge

three-tiered cake, gift of El Mirador, stood on a serving table. On the head table, in front of the honored couple, were two interlacing golden rings and the big numerals "50". Little golden cups, trimmed with lilies of the valley doubled as mint cups and place

Black Tie Dinner on Anniversary

Elaborate golden fruits and flowers and tapers decorated the lin-en-and-lace-spread tables Friday night when Mr. and Mrs. Fred Albertson hosted a black tie dinner at Committee of Twenty Five clubhouse, honoring the golden wedding anniversary of Mr. and Mrs. J. E. French, of Palm Springs and Sari Francisco.

A tiny bell tinkled on each cham-

pagne glass as the guests toasted the popular pair who were married fifty years ago. A three-tiered wedding cake towered under a canopy, which was outlined in dafcanopy, which was outlined in dai-fodils . . and the pastry master-piece stood on a bed of golden chrysanthemus. Atop t h e can-opy's arch was a big golden "50". Guests gathered in the lounge for cocktails preceding the dinner and a three piece combo played. The sumptuous dinner was catered by Santos.

Assisting the Albertsons in receiving was her sister Mrs. Gladys Titus who is wintering here.

Among the seventy-some guests were Messrs. and Mmes. John Mc-Clure, W. B. Malouf, Dan Dunlap, Reuben Fleet, Carl Lykken, Ben Shearer, John Costello, Fred Karley, Wally Ryumpark, Henry Dol. Receipts for the month were \$3,974, compared to \$3,038 in the same month in 1955.

Total amount collected for the irst six months of this year is \$13.019, compared to \$9.801 in 1955. One reason for the large increase is that meters now require a dime per hour instead of nickel. There are 583 meters in operation on Village streets. Total amount collected by the city since the meters were installed in 1949, has been \$161,347.
